# Reminder: Updates to ICE Futures U.S. Electronic Audit Trail Requirements

Pending regulatory processes, effective January 1, 2023, ICE Futures U.S. Rule ("IFUS") <u>4.19</u> will require that each Clearing Member or Person with Direct Access shall ensure that all orders submitted to the Exchange through its Direct Access connection and any Order Routing system (as applicable) comply with the Exchange's Audit Trail requirements.

In accordance with amended Rule 4.19, each Clearing Member or Person with Direct Access shall, in accordance with procedures adopted by the Exchange at the time of order generation:

- (i) Accurately assign and populate the following data elements: (1) Order Routing Trader & Authorized Trader (Tag 116 Left & 116 Right, respectively); (2) account number (Tag 440); and (3) Manual Order Identifier (Tag 1028); and
- (ii) Maintain, at a minimum, the following data for electronic orders:
  - (1) date and times of (A) order entry, (B) order receipt and (C) all modification and cancellation messages submitted to ETS and responses to such messages. (The times of order entry, order receipt, order modification and responses must reflect the highest level of precision provided by the API, but not less than one hundredth of a second and shall not be subject to modification or alteration by the Person entering the order.); and
  - (2) the details for: (A) ICE Market ID (Tag 55); (B) buy/sell indicator (Tag 54); (C) futures or option indicator (Tag 167); (D) if option, put/call designation (Tag 201); (E) quantity (Tag 38); (F) if a reserve quantity order, the reserve quantity (Tag 210); (G) order type (Tag 40); (H) price (Tag 44); (I) stop price (Tag 99); (J) if option, strike price (Tag 202); (K) time-in-force (Tag 59); (L) Clearing Member ID (Tag 439); (M) account number (Tag 440); (N) customer type indicator (Tag 9208); (O) ETS log-in identification (Tag 9139); (P) client order identification (Tag 11); (Q) Exchange order identification (Tag 37); and (R) order status (Tag 9175); (S) customer account Reference ID (Tag 9207); (T) Order Routing Member & Authorized Member (Tag 115 Left & 115 Right, respectively); (U) Order Routing Trader & Authorized Trader (Tag 116 Left & 116 Right, respectively); (V) Order Routing Group & Authorized Group (Tag 144 Left & 144 Right, respectively); (W) Tag 9821 (SelfMatchPrevention ID); and (X) Tag 9822 (SelfMatchPreventionInstruction); and (Y) Manual Order Identifier (Tag 1028).

In accordance with Rule 4.10, a Clearing Member must take appropriate action if it has actual or constructive knowledge that a Clearing Member or Person with Direct Access it authorized has failed to accurately input and/or maintain each order or data field required to be populated by Rule 4.19. Each Person with Direct Access is responsible for conforming to the guidelines provided in Rule 4.19 for all orders submitted to the Exchange through its Direct Access connection.

The Exchange conducts annual reviews of Clearing Members and Persons with Direct Access to verify compliance with the audit trail and recordkeeping requirements. Each Person with Direct Access shall maintain (or caused to be maintained) and, upon request, product the audit trail records required by this Rule; and each Clearing ember shall, upon request, obtain and product the audit trail records required under this Rule for each Person with Direct Access that such Clearing Member has authorized. Upon request by the Exchange, each Clearing Member must produce the electronic audit trail in a format prescribed by the Exchange. Failure to produce the requested information may result in disciplinary action.

A sample of the format required by the Exchange is attached to this Advisory. All electronic audit trail data provided to the Exchange must include the FIX tags in the column headings.

The electronic audit trail must be maintained for a minimum of five (5) years, with the most recent two (2) years readily accessible, pursuant to Exchange Rules 4.19 and 6.07 and CFTC Regulation 1.31(a).
